

## **GOODBYE, GOOD LUCK AND THANKS!**

The past two years have been amongst the most challenging in FLN's 40-year history. We've seen more change in the not-for-profit sector, more regulatory changes and then COVID-19. Throughout this time our CEO, Robert Menzies, has worked hard and effectively to ensure that FLN can continue to meet the needs of our community both during these challenging times and into the future.

Robert has now decided that he is going to move on to other challenges, including a return to study. He will be leaving FLN just before Christmas.

The Board, staff, members, and supporters will all be sad to see him go. He has reorganised the operations of FLN, ensuring that FLN continues to conform with our many regulatory requirements. He has also built deeper relationships with our community, allowing FLN to continue to understand our community's needs when planning our programs and services and work closely with partner community organisations.

We wish Robert well and he knows that the friends and colleagues he has here at FLN will always welcome him back.

Good luck Robert and thank you.

Mark Madden - Chair

On behalf of the Board members and staff
